

# 59

FIFTYNINTH  
ANNUAL MEETING

# SCIENCE

*a platform for* PROGRESS

## Call for Abstracts

December 2007

On behalf of the American Society for Enology and Viticulture, I am pleased to offer this Call for Abstracts for our 59th Annual Meeting in Portland, Oregon.

The Annual Meeting will feature:

- Submitted original research and work in progress
- Subject categories for both oral and poster sessions
- Industrial Poster Session provided for commercial suppliers who are contracted exhibitors and for any other industry representative presenting proprietary information
- Best Student Presentation Awards in enology and viticulture for oral and poster presentations
- Research Work Groups for scientists working in particular areas of interest
- Supplier Showcase Seminars featuring both routine and challenging issues of a practical nature
- 5th Joint Burgundy-California-Oregon Winemaking Symposium
- Sensory Symposium

The technical abstracts that are accepted will be presented at the Annual Meeting, June 18-20, 2008, at the Oregon Convention Center in Portland, Oregon. All accepted abstracts will appear in the Technical Abstracts Book. Abstracts for authors who meet the oral and poster presentation requirements will also be posted on the ASEV Web site and in the American Journal of Enology and Viticulture (excepting Industrial Posters).

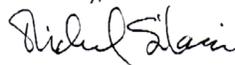

We value your input whether you plan a presentation or not. We encourage submitted abstracts based on original research and research updates. We also welcome suggestions for research work groups.

Please refer to the student presenter section below for reimbursements and awards.

Please review the enclosed instructions. The deadline for all submissions is February 18, 2008. We must adhere strictly to this date. If you have any questions regarding your submission, contact our association office. Any inquiries will be directed to a program committee member as appropriate.

We look forward to receiving your abstract and hope that you will be able to participate in our Annual Meeting.

Sincerely,

Michael Silacci  
2008 Program Committee Chair  
ASEV First Vice President

## 2008 Program Committee

(listed on [www.asev.org](http://www.asev.org) under committees)

Presentations for the 2008 Annual Meeting program in Portland, Oregon will be organized and scheduled as deemed appropriate by the program organizers with regard to topics, invited keynote speakers and the abstracts submitted.

## Information for Authors

Both oral and poster presentations are equally regarded as valuable aspects of our technical program. Please refer to the next page for specific presentation requirements. Any abstract submitted for the general oral or poster category must include a clearly stated research hypothesis. An abstract that has been published elsewhere may not be presented at the American Society for Enology and Viticulture (ASEV) Annual Meeting. Please refer to the Student Presenter section below, if applicable.

The audience will expect presenters to emphasize interpretation of their research, minimize reporting data and address the relevance of the research project.

### Presentation Format Preference

Authors may choose to identify their preference for either an oral or poster presentation. It is the author's responsibility to indicate such a preference on the information form at the time the abstract is submitted. The Program Committee will make every effort to accommodate requests made by presenters. The committee must determine the final decisions on scheduling with respect to other components of the technical program and topic themes.

The audio portion of all oral presentations will be recorded and offered for sale on cassette, CD and MP3.

All technical abstracts and presentations at the Annual Meeting are under the auspices of the ASEV. Any promotional materials used in advance or at the conference must acknowledge ASEV sponsorship of the Annual Meeting.

### Oral Presentations

Oral presentations will be scheduled in conjunction with topic-based sessions. These will take place at the Oregon Convention Center.

Each oral presentation will be scheduled for 20 minutes, including allotted time for discussion with the audience. The session moderator will reserve time at the end of each session for a question and answer period with all session presenters available at the podium. A time-keeping system will be used to adhere to the schedule in all oral sessions.

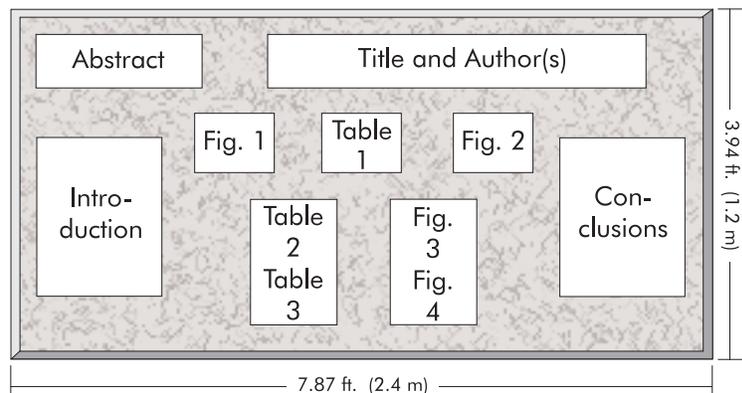

All visual materials must be presented in PowerPoint slides. Overhead projectors will not be available. Oral presenters must use equipment provided by the designated audio visual service provider. Specific guidelines will be provided in the Presentation Guidelines for Oral Technical Sessions, which will be included with letters of acceptance for presentation.

## Poster Presentations

Our poster sessions including Industrial Posters will be grouped by topic categories similar to those identified for the oral sessions. All posters must be displayed for the full duration of the two-day meeting (Wednesday and Thursday) which will take place at the Oregon Convention Center. The author must be present to answer questions related to the work during the designated presentation times, as listed in the Guidelines for Poster Presentations. The author is solely responsible for setting up and removing the poster.

The Industrial Posters section will include accepted abstracts that reference proprietary information with respect to products or any study that cannot be or has not been confirmed or reproduced by independent entities because it involves proprietary information or materials. Industrial poster abstracts will be included in the Technical Abstracts book and on the ASEV Web site, but will not be published in the AJEV.

The poster should contain the following information: abstract, title and name(s) of the author(s), introduction, conclusion, and five to eight pages of tables, graphs or diagrams that concisely describe the results.

Further guidelines for the preparation of presentations will be sent with the notification that your abstract has been accepted.

Please refer to the sample layout below.

### Registration

The ASEV does not compensate presenters for their participation. All presenters must register and pay registration fees. ASEV membership is encouraged and membership registration rates are significantly lower than non-member rates. Also, fees during early registration are significantly lower than late or on-site registration fees.

### Student Presenters

Students who are currently enrolled on a full-time basis are encouraged to present research at the Annual Meeting. The ASEV offers best presentation awards annually to outstanding oral and poster presentations by students who have fully completed their Abstract Information Form. Awards are given to a single student presenter for both enology and viticulture student oral and poster presentations. Each award is allocated to one presenter as designated on the information form as the presenting author.

Students who want to be considered for the Best Student Presentation Award in viticulture or enology must provide all information requested on the form. Additionally, a student must actually complete his or her oral and/or poster presentation(s) during the scheduled period of time to be considered for these awards.

Any current full-time student who is not an ASEV member is welcome to join. A membership application can be downloaded from our Web site and returned to the ASEV office or at the conference site in Portland. The membership application and payment must be submitted prior to the student's presentation day. **All presenting students who are ASEV Student Members will be eligible for registration reimbursement and a \$200 stipend as an oral or poster presenter.**

#### **Technical Abstracts Booklet**

Each abstract that appears in the Technical Abstracts booklet will be edited for spelling, punctuation, and format. ASEV reserves the right to publish the accepted abstracts in a Technical Abstracts Book, on the ASEV web site, and/or in the American Journal of Enology and Viticulture (AJEV). Authors are not required to submit papers to AJEV for publication.

#### **American Journal of Enology and Viticulture (AJEV)**

Authors are encouraged to submit their manuscripts based on their presentations for publication. For information on submitting your complete manuscript for review to the AJEV, refer to the Guide to Authors posted on the Journal page at [www.asev.org](http://www.asev.org) or email [editor@asev.org](mailto:editor@asev.org). The AJEV is a refereed journal that is published quarterly.

### **Abstract Preparation Instructions**

Please refer to the back page for computer file format requirements.

1) **Title:** The title should reflect the important aspects of the article as concisely as possible, in no more than 100 characters and spaces. (Titles that exceed this length will be edited.)

2) **Byline** (in upper and lower case): See sample abstract below for complete description and format.

3) **Abstract:** The one-paragraph body of the abstract (250 words maximum) should start on the next line and should state the hypothesis, intent, or purpose of the research, the theoretical or experimental plan used, key findings (without experimental details or data), and major conclusions. Please do not cite references, figures, or tables. Please do not state the obvious, such as "results/data will be presented." (Abstracts that exceed the length limit will be edited.)

4) **Abbreviations and Symbols:** Do not use abbreviations in the title or abstract, with the exception of those which are standard for international usage (e.g., HPLC, ATP). The metric system is standard, and SI units should be used (other units may be placed in parenthesis after the SI). Symbols and abbreviations should conform to those used by the AJEV; a list is in the Guide to Authors, which may be downloaded from the Journal page at [www.asev.org](http://www.asev.org).

5) **Additional Information:** You may attach additional information, such as a description of your research and pertinent data, including statistics, graphs, and charts to assist the abstract reviewers in evaluating the abstract. In some cases, additional information may be requested. **Funding sources should be acknowledged.**

#### **Sample Abstract**

Format for ASEV Annual Meeting Abstracts

Bill McCoury and Maya P. Joyce\*

\*American Society for Enology and Viticulture, P.O. Box 1855, Davis, CA 95617, USA (email: [society@asev.org](mailto:society@asev.org)).

For a uniform appearance, it is important that the title be upper and lower case, as illustrated above, and that the name(s) of the author(s) in the byline be listed with first (given) name(s) first, with the presenting author's name in bold face, and an asterisk to denote the corresponding author. The full address (including email) of the corresponding author (unabbreviated) should follow the authors' names. The text of the abstract (250 words maximum) should begin on the next line.

Acknowledgment of funding sources (list all by name).
